CITY OF SANDY SPRINGS
Request for Proposals # 19-007
CANOE, KAYAK & PADDLEBOARD OPERATIONS AND RENTALS FOR CITY OF SANDY SPRINGS RECREATION &
PARKS

SECTION 1: BACKGROUND AND GENERAL INFORMATION

Purpose and Summary of Procurement

The City of Sandy Springs (“City”) is seeking proposals (“Proposals”) from highly qualified firms to provide all personnel, materials and services necessary to provide Canoe, Kayak & Paddleboard Operations and Rentals Services for the City as described in Section 2: Scope of Services. Services provided by the successful firm in this procurement shall be managed and directed by the City.

The qualified firm is to provide turn-key operations for the Canoe, Kayak & Paddleboard Operations and Rental for the City of Sandy Springs Recreation & Parks (“Paddle Shack”) located at Overlook Park, 200 Morgan Falls Road, Sandy Springs, GA 30328.

The Paddle Shack is currently being operated by contract with High Country Outfitters which has operated the Paddle Shack for the past six (6) years.

The City contemplates award of fixed price contract(s) resulting from the Proposal which provides the best overall value to the City. The City reserves the right to make a single award or no award, if these options are in the City’s best interest.

This is a best value source selection procurement, based upon the performance price trade-off (“PPT”) model. This process is a simplified best value source selection strategy that permits a trade-off between price and performance in reaching the award decision. There are four (4) evaluation factors: Capabilities and Approaches, Past Performance/Key Personnel, Cost/Price, and Phase-In Plan. The City intends to enter into one (1) or more contracts containing the terms, conditions, and specifications of the model contract attached to this RFP as Exhibit C (“Model Contract”).

Section 3 of this RFP contains instructions for presenting and formatting Proposals. Section 4 describes the information that should be contained in the Proposal, and how it should be organized. The information and instructions contained in this RFP are designed to assist Offerors in preparing a complete response that reflects the proposed approach to accomplish all contractual requirements. Section 5 provides further detail as to how Proposals will be evaluated.

The City may award without discussions. Therefore, the Offeror’s Proposal should contain the Offeror’s best terms for Capabilities and Approaches, Past Performance/Key Personnel, Cost/Price, and Phase-In Plan as described herein. The City reserves the right to conduct discussions if they are later determined to be necessary. If the City awards without discussions, the Offeror may be given the opportunity to clarify certain aspects of its Proposal or to resolve minor or clerical errors.

General Information about the City

Located in Atlanta's dynamic metro north and less than an hour from the world's busiest airport, Sandy Springs is the metro area's second largest city and is the sixth largest city in the State of Georgia. The City balances the best of modern southern living: high-rise towers; riding stables; world-class medical centers; national river corridor; international consulates; and neighborhoods that resemble botanical gardens.

In June 2005, residents overwhelmingly voted for incorporation and Sandy Springs became the first new City in Georgia in fifty (50) years. The City utilizes a public-private partnership model for operations. Aside from public safety (police and fire) and the City Manager's executive staff, general City services are provided by contractors. The success of the privatization model in Sandy Springs continues to attract attention from cities around the U.S. as well as around the globe.

The City is home to more than 105,000 residents and its daytime population doubles to more than 200,000 due to the heavy concentration of businesses located in the City, including UPS, Newell Rubbermaid, First Data, AirWatch, Cox Enterprises, and Intercontinental Exchange (corporate parent of the New York Stock Exchange). Mercedes recently announced relocation of its corporate headquarters to Sandy Springs. Two (2) of the most traveled arteries in the metro area, I-285 and Georgia 400, cross Sandy Springs, and the City is home to three (3) MARTA rail stations.

The City of Sandy Springs strives to sustain and further the attractive quality of life enjoyed by its residents. The City is an innovator in providing municipal services, utilizing a flexible and creative approach to anticipate and respond to the needs of the community. Through its public-private partnership model, the City and general government services contractors work collaboratively to provide a high level of services to Sandy Springs residents. The City's customer-focused mission has resulted in numerous awards and recognitions, including: ranked 36th as Most Livable Mid-Size City in the U.S. (City Biz); ranked fourth as Best City for Early Retirement (Kiplinger); named one of the Best Towns for Millennials (Niche Magazine); and named one of the Top Ten Safest Places in Georgia (Value Penguin).

Park Background

becomes part of the contract between the parties. The City does not intend to accept alternate terms and conditions to the Model Contract. All questions are due in writing no later than the date stated on the first page of this RFP. Questions received after this date and time may not be answered.

Prior to award, the apparent selected Offeror may be required to enter into discussions with the City to resolve any contractual differences before an award is made. These discussions shall be finalized and all exceptions resolved within one (1) week of notification; if not, the selected Offeror's Proposal may be rejected and discussions initiated with other Offerors.

The selected Offeror shall not begin performance of services requested by this RFP prior to the execution of a formal written contract (based on the Model Contract) by the City and Offeror. Any Offeror beginning performance prior to the execution of a contract shall be deemed to be proceeding at Offeror's risk, and shall not be entitled to any compensation for such performance.

SECTION 5: GENERAL EVALUATION PROCESS AND CRITERIA

A. General Information

This solicitation process will enable the City to gather additional information and identify one (1) or more qualified firms to perform the services described in the contract. The City will conduct a comprehensive, fair and impartial evaluation of all Proposals received. An evaluation team will be established by the City to evaluate Proposals ("Evaluation Committee"). The Evaluation Committee may invite the most qualified Offerors to interview; however, the City retains the right to select only one (1) Offeror and negotiate a contract. The City may also determine that no qualified Proposals have been received and reject all Proposals.

B. Interviews

At the City's discretion, selected Offerors may be interviewed and re-evaluated based upon the criteria set out in the RFP, or other criteria to be determined by the Evaluation Committee (i.e. unique qualities, methodologies, or approaches taken to differentiate from other Offerors). Selected Offerors may be asked to provide additional information to the Evaluation Committee regarding demonstrated competence and qualifications, feasibility of implementing the Project as proposed, ability to meet schedules, costing methodology, or other factors as appropriate.

C. Past Performance- References

Any information received by the Evaluation Committee subsequent to the Offeror's Proposal will be used to further evaluate the short-listed Offerors to determine a rank-order. Final approval of a selected Offeror is subject to the City's Purchasing Policies.

D. Negotiation and Best and Final Offer

1. If the City deems it is in its best interest to retain the services of one or more Offerors, the City reserves the right to negotiate a revised scope and or fees. Negotiations will encompass all phases of work, including but not limited to: hourly rates, fees for services, markups for overhead and profit on subcontractors, a "not to exceed" contract amount, as well as any other items the City deems appropriate.

2. If negotiations are successful, the City and the highest ranking Offeror will enter into an agreement to develop the services as outlined in this RFP. If an acceptable agreement cannot be reached between the City and the highest ranking Offeror, the City may choose to negotiate with other Offeror(s).
3. Qualified firms submitting Responses will be required to submit financial statements for a minimum of three recording periods prior to contract award.
4. Separate meetings with more than one Offeror may be conducted during the same time frame; however, negotiation sessions with an Offeror will not be held in the presence of another Offeror.
5. Offerors submitting Responses should be aware that the Evaluation Committee has sole discretion to determine what constitutes the “best qualified offer” for the City. Consequently, Offerors are urged to submit best possible terms in their original submittal.

E. Evaluation Criteria

The technical proposals will be scored and ranked based upon how well the firm demonstrates their knowledge and understanding of the following four evaluation criteria. The City reserves the right to short list and conduct interviews should the need arise to complete the selection process. The evaluation criteria will consist of the following: business plan, past performance, key personnel, phase in plan, and cost proposal. The score of the proposal totals a possible maximum of 100 points. The required elements of discussion for the four evaluation criteria and the possible maximum individual scores are:

1. Business Plan- **45% = 45 points total**
2. Past Performance/Key Personnel- **40% = 40 points total**
3. Cost/Price Proposal- **5% = 5 points total**
4. Phase-In Template- **10% = 10 points total**
5. Model Contract. The Offeror's data entered in the Model Contract shall be reviewed for accuracy and completeness.

WHEREAS, Contractor is willing and able to render the Services and wishes to perform the Services for the City; and

WHEREAS, the City wishes to acquire the Services from Contractor;

NOW, THEREFORE, in consideration of the mutual terms, conditions and covenants set forth herein, the parties hereto agree as follows:

A. Services.

Contractor hereby agrees to render the Services to the City as set forth in the Scope of Services attached hereto as Exhibit A and incorporated herein by this reference. B. Compensation.

1. Fee. As consideration for the Services, the Contractor shall pay to City the fee described in Exhibit B attached hereto and incorporated herein by this reference.

2. Manner of Payment. Contractor shall, on a monthly basis, prepare and submit to the Sandy Springs Recreation and Parks Department a report to include a certified statement of monthly revenue and expense, monthly participation numbers by activity, facility maintenance activities and new maintenance issues with the agreed upon fee payment.

3. Notice of the City's Use of Outside Contractors to Review Submitted Invoices. The City may utilize support contractors to assist the City in the review and evaluation of Contractor's invoices and similar requests for payment or evidence of delivery. Support contractors will be provided access to these and other records to support City officials in reviewing and reconciling invoices, payment records, and the City's financial and budgetary records, and in facilitating the timely payment of submitted invoices. Such documents and records may contain the proprietary information of Contractor including, but not limited to, awarded contracts.

Each of the support contractor employees may, at the direction of Contractor to the City Manager, be required to execute a non-disclosure agreement which acknowledges that the support contractor employees:

Contractor agrees to maintain all such books and records at its principal place of business for a period of three (3) years after final payment is made under this Contract. Contractor shall make all necessary books and records available for audit in Fulton County, Georgia.
2. The City may, at reasonable times during the term hereof, inspect Contractor's facilities and perform such inspections and process reviews as the City deems reasonably necessary to determine whether the Services required to be provided by Contractor under this Contract conform to the terms of this Contract. Contractor shall make available to the City all reasonable facilities and assistance to facilitate the performance of inspections by the City's representatives.

F. Relationship of Parties.

1. Independent Contractors. Nothing contained herein shall be deemed to create any relationship other than that of independent contractor between the City and Contractor. This Contract shall not constitute, create, or otherwise imply an employment, joint venture, partnership, agency or similar arrangement between the City and Contractor. It is expressly agreed that Contractor is acting as an independent contractor and not as an employee in providing the Services under this Contract.

The City shall exercise no control over the means and methods of accomplishing the work of any Contractor personnel under the Contract. Contractor shall retain control over and be responsible for the details of how the Services under this Contract are to be performed by all Contractor personnel.

2. Employee Benefits. Contractor shall not be eligible for any benefit available to employees of the City including, but not limited to, workers' compensation insurance, state disability insurance, unemployment insurance, group health and life insurance, vacation pay, sick

3. Payroll Taxes. No income, social security, state disability or other federal or state payroll tax will be deducted from payments made to Contractor under this Contract. Contractor shall be responsible for all FICA, federal and state withholding taxes and workers' compensation coverage for any individuals assigned to perform the Services for the City.

G. Representations and Warranties of Contractor.

Contractor hereby warrants, represents and agrees as follows:

1. No approval, authorization, clearance, declaration, or order of or to any other person or entity is required in order to permit Contractor to perform the Services under this Contract.
2. Neither the execution of this Contract nor the consummation of the transactions contemplated hereby will cause, or give any person ground to cause, the maturity, acceleration, or increase of any liability or obligation of Contractor and will not conflict with, violate, or constitute default under any contract, agreement, duty, obligation, or instrument to which Contractor is a party or to which Contractor is bound.
3. Contractor, by execution hereof, does hereby represent to the City that the Contractor, through the signature of the officials contained in this Contract, has full power and authority to make and execute this Contract to the effect that the making and execution hereof shall create a legal obligation upon Contractor, which shall be legally binding upon Contractor.
4. Nothing contained or any obligation on the part of Contractor to be performed hereunder shall in any way be contrary to or in contravention of any policy of insurance or surety bond required of Contractor pursuant to the laws of the State of Georgia.

H. Contractor Responsibilities Regarding Contractor Personnel.

1. General. Contractor shall be solely responsible for all compensation, benefits, insurance and rights of Contractor employees during the course of or arising or accruing as a result of any employment, whether past or present, with Contractor, as well as all legal costs including attorneys' fees incurred in the defense of any conflict or legal action resulting from such employment or related to the corporate amenities of such employment. Accordingly, the City does not assume any liability for or direct payment of any salaries, wages, contribution to pension funds, insurance premiums or payments, workers' compensation benefits under O.C.G.A. §34-9-1, et seq., or any other benefits or amenities of employment to any of Contractor employees or any other liabilities whatsoever, unless otherwise specifically provided herein.

2. Background Checks. Prior to assigning any employee to the City, Contractor shall subject each of its employees prospectively considered for assignment to provide Services to the City to a full background check. Current Contractor employees shall be subjected to complete background checks every two (2) years or as otherwise agreed by the parties. The background check shall include, but not be limited to, the following:

- b. Motor vehicle records
- c. Criminal records
- d. Credit records
- e. Educational records
- f. Past and current employers
- g. References

Based upon information obtained from a background check, the City Manager shall have the right to approve any person to work with the City, exclude any person from working with the City, or take action to effectuate the termination of any person's relationship with the City at any time during the term of this Contract if, in the City Manager's opinion, that person's background check reveals behavior that demonstrates the person is not fit or would not meet industry standards in performing the duties assigned under this Contract. In addition, the City shall have the right, with respect to any person, to approve, deny, restrict, or remove access to a City vehicle or other City Property.

Contractor shall further exclude any person from working with the City, or take action to terminate such person's relationship with the City, at any time during the term of this Contract whose background check reveals that the person has exhibited behavior that demonstrates that the person is not fit or would not meet industry standards in performing the duties to which they are assigned under this Contract.

3. Contractor Key Personnel. Contractor shall promptly notify the City Manager and CMR prior to making any changes in key staff assigned to Services for the City as indicated in Contractor's Proposal attached hereto as Exhibit A.

All Contractor notifications must provide the name and departure date for the incumbent leaving, a complete resume for the proposed substitute, and any other pertinent information requested by the City Manager. The City Manager shall be provided the opportunity to review and approve or reject the proposed substitution.

The City Manager reserves the right at any time to request the removal of key personnel for any reason which could, in the City Manager's opinion, affect performance under this Contract. If such a request is made by the City Manager, Contractor shall remove the personnel as directed by the City Manager, and Contractor shall propose a substitute as provided above.

Contractor shall not remove any key personnel before the key personnel's position is filled by a substitute approved and authorized by the City Manager; provided, however, if the key personnel is removed pursuant to a request by the City Manager as provided above, Contractor shall fill such key personnel's position within thirty (30) days from the date such position is vacated.

This section does not, in any way, abrogate Contractor's authority to hire or assign personnel as it sees fit, or its responsibility to fill key personnel positions with qualified personnel.

I. Term.

This Contract shall become effective as of the date of its execution. The term of this Contract shall be for five (5) performance years, with one (1) base year and four (4) one-year renewal options and a period of

one (1) month for phase-in, contingent upon annual appropriations of funds by the City of Sandy Springs City Council. The Contract shall terminate at the close of each calendar year, but will automatically renew absent any positive action by the City.

J. Termination for Convenience of City.

The City, upon thirty (30) days' written notice, may terminate this Contract, in whole or in part, when it is in the City's interest. In the event of full or partial termination, the City shall be liable only for payment under the payment provisions of this Contract for Services rendered before the effective date of termination.

K. Default.

1. An event of default shall mean a material breach of this Contract. Without limiting the generality of the foregoing, an event of default shall include the following:

- a. Contractor fails to perform the Services within the time specified in this Contract or any extension.
- b. Contractor has refused or failed, except in the case for which an extension of time is provided, to supply properly skilled personnel.
- c. Contractor has failed to obtain the approval of the City where required by this Contract.

- f. Contractor has been adjudged as bankrupt or Contractor makes a general assignment for the benefit of creditors, appoints a receiver on account of insolvency, or files a petition to take advantage of any debtor's act.

2. In the event of a default, this Contract may be terminated by the City after written notice to Contractor of the default, which notice shall specify the default, provide both a demand to cure the default and a reasonable time to cure the default and state a date upon which the Contract shall be terminated if there is a failure to timely cure the default. For purposes of this section, "reasonable time" shall be ten (10) calendar days except when the failure to perform Services affects the public health, safety or welfare, in which case reasonable time may be less than ten (10) days. A failure to cure a default within the specified time shall result in termination of the Contract on the date set forth in the notice of default if such notice of default has not been removed in writing by the City. Contractor's right to cure pursuant to this subparagraph shall not be applicable to a default under the provisions of Section W.3, Failure to Comply with Provisions.

3. The Contractor shall be liable for all damages resulting from the default.

4. If this Contract is terminated in whole or in part, the City may acquire, under the terms and in the manner the City Manager considers appropriate, Services similar to those terminated, and the Contractor will be liable to the City for any excess costs for those Services; however, the Contractor shall continue the work not terminated.

5. If this Contract is terminated in whole or in part, the Contractor shall protect and preserve Property in its possession in which the City has an interest, until the Contractor is relieved of this need.

6. The Contractor shall not be deemed in violation of this Contract if it is prevented from performing its obligations under the Contract for any reason beyond its control including, but not limited to, acts of God, civil or military authority, acts of public enemies, accidents, fires, explosions, earthquakes, floods or catastrophic failures of public transportation; provided, however, that nothing herein shall relieve or be construed to relieve the Contractor from performing its obligations hereunder in the event of riots, rebellions or legal strikes.

7. If, after termination, it is determined that the Contractor was not in default, or that the default was excusable, the rights and obligations of the parties shall be the same as if the termination had been issued for the convenience of the City.

8. The rights and remedies of the City in this section are in addition to any other rights and remedies available to the City at law or in equity or under this Contract. The exercise of one (1) remedy shall not be deemed a waiver of the right to exercise any other remedy.

L. Transition.

In the event of full or partial termination or expiration of this Contract, Contractor shall cooperate in good faith to effect a smooth and harmonious transition from Contractor to the City, or to any other person or entity the City may designate, and to maintain during such period of transition the same quality Services otherwise afforded to the residents of the City pursuant to the Contract.

M. Termination of Services and Return of Property.

Upon the expiration or earlier termination of this Contract, Contractor shall immediately terminate the Services hereunder and shall deliver promptly to the City all property relating to the Services and any Work Product (as defined below), patents or copyrights covered by this Contract. Work Product shall include, but not be limited to, all hardware and software, written, graphical, and recorded material, and any copies, abstracts or summaries thereof.

Contractor shall maintain in good standing at all times during the term of this Contract all required licenses, certifications, and permits required under local, state and federal laws necessary to perform the Services required.

Contractor shall comply with and shall require its Subcontractors to comply with the regulations for compliance with Title VI of the Civil Rights Act of 1964, as amended, and 23 CFR 200, as stated in EXHIBIT H, NOTICE TO CONTRACTORS - COMPLIANCE WITH TITLE VI OF THE CIVIL RIGHTS ACT OF 1964, attached hereto and incorporated herein.

O. Public Records.

The public shall have access, at all reasonable times, to all documents and information pertaining to the City, subject to the provisions of O.C.G.A. §50-14-1, et seq. Contractor agrees to allow access by the City and the public to all documents subject to disclosure under applicable law. Contractor's willful failure or refusal to comply with the provisions of this section shall result in the immediate termination of the Contract by the City. Contractor agrees to retain all public records in accordance with the City's records retention and disposal policies, O.C.G.A. § 50-18-92, et seq., and the Georgia Administrative Code.

P. Conflicts of Interest.

1. the Services to be performed hereunder will not create an actual or apparent conflict of interest with any other work it is currently performing; and
2. Contractor is not presently subject to any agreement with a competitor or with any other party that will prevent Contractor from performing in full accord with this Contract; and
3. Contractor is not subject to any statute, regulation, ordinance or rule that will limit its ability to perform its obligations under this Contract; and

1. Contractor shall be free to accept other work during the term hereof; provided, however, that such other work shall not interfere with the provision of Services hereunder.

Q. Proprietary Information; Non-Solicitation.

Contractor acknowledges that it may have access to and become acquainted with confidential and other information proprietary to the City including, but not limited to, information concerning the City, its operations, customers, citizens, business and financial condition, as well as information with respect to which Contractor has an obligation to maintain confidentiality (collectively referred to herein as "Proprietary Information"). Contractor agrees not to disclose, directly or indirectly, to anyone or to use or

to allow others to use, for any purpose whatsoever, any Proprietary Information of any type, whether or not designated confidential or proprietary, acquired in the course of performing under this Contract. The obligations of Contractor under this section shall survive the termination of this Contract.

R. Public Release of Information.

1. All materials which relate to the Services performed by Contractor under this Contract shall be submitted to the City Manager for review and approval prior to release to the public. Subcontractor public information materials shall be submitted for approval through the prime Contractor to the City Manager. At a minimum, these materials may be technical papers, presentations, articles for publication and speeches or mass media material including, but not limited to, press releases, photographs, fact sheets, advertising, posters, compact discs, and videos.

2. The City Manager will notify Contractor of the City's final decision regarding the status of the request.

3. Contractor shall submit a written statement to the City Manager as far in advance of the proposed release date as is possible, including:

- a. To whom the material is to be released;
- b. Desired date for public release;
- c. Statement that the material has been reviewed and approved by officials of Contractor or the subcontractor, for public release; and

4. The items submitted must be complete. Photographs shall have captions.

5. Outlines, rough drafts, marked-up copy (with handwritten notes), or incorrect distribution statements will not be accepted or cleared.

6. Abstracts or abbreviated materials may be submitted if the intent is to determine the feasibility of going further in preparing a complete paper for clearance. However, clearance of abstracts or abbreviated materials does not satisfy the requirement for clearance of the entire paper.

7. Once information has been cleared for public release, it is in the public domain and shall always be used in its originally cleared context and format. Information previously cleared for public release but containing new, modified or further developed information must be submitted again for public release following the steps outlined above.

S. Insurance.

Contractor shall procure and maintain for the duration of this Contract, and for three (3) years thereafter, at its sole cost and expense such insurance as will fully protect it and the City and the City's council, boards, officials, directors, officers, employees, agents and volunteers from incidents, accidents and claims for personal injury, bodily injury, and property damage which may arise from or in connection with the

performance of the work and for Contractor's professional liability (errors and omissions) under this Contract, whether such services and work are performed by Contractor, its agents, representatives, employees, or by any subcontractor or any tier directly employed or retained by either. The following is the minimum insurance and limits that Contractor must maintain. If Contractor maintains higher limits than the minimums shown below, the City requires and shall be entitled to coverage for the higher limits maintained by Contractor. Any available insurance proceeds in excess of the specified minimum limits of insurance and coverage shall be available to the City.

Contractor shall not commence work under this Contract or continue performance of the Services unless and until Contractor has obtained and continues to carry all minimum insurance. Insurance requirements are attached hereto as Exhibit G and incorporated herein by this reference.

T. Indemnification.

1. Contractor shall indemnify, defend and hold harmless the City, its officers, agents, servants and employees from and against any and all liability, suits, actions, damages, losses and expenses, costs of every nature, including attorneys' fees, arising out of or resulting from the negligence of Contractor, its employees, or its agents.

2. Should the City seek indemnification pursuant to subparagraph (1) above, it shall give reasonably prompt notice to Contractor of the assertion of any claim or the commencement of any action, suit, or proceeding (collectively, "action"), in respect of which indemnity may be sought hereunder and will give Contractor such information with respect thereto as Contractor may reasonably request in writing. Failure to give reasonably prompt notice hereunder shall not relieve Contractor of liability pursuant to this subsection; provided, however, should Contractor prove actual financial loss directly attributable to delayed notice, its financial liability pursuant to this subsection may be offset by the amount of the direct financial loss proven. Contractor shall, when directed and at its expense, participate in the defense of any such action involving a third party; provided, however, the defense shall be conducted with counsel mutually satisfactory to the City and Contractor. The City and Contractor shall consult with each other regarding the conduct of such defense. If the defense is assumed by Contractor, Contractor shall submit any proposed settlement under this section for the City's approval, which approval shall not be unreasonably withheld or delayed. The City shall have the right (but not the duty) to participate in the defense thereof, and to employ counsel, at its own expense (except that Contractor shall pay the fees and expenses of such counsel to the extent the City reasonably concludes that there is a conflict of interest between the City and Contractor), separate from counsel employed by Contractor in any such action. Contractor shall be liable for the fees and expenses of counsel employed by the City if Contractor has not assumed the defense thereof. Whether or not Contractor chooses to defend or prosecute any action involving a third party, all the parties hereto shall cooperate in the defense or prosecution thereof and shall furnish such records, information, and testimony, and attend such conferences, discovery proceedings, hearings, trials and appeals, as may be reasonably requested in connection therewith.

3. In disputes between the City and Contractor, in no event shall either party be entitled to or responsible for any special, indirect or consequential damages, whether such liability arises in breach of contract or warranty, tort including negligence, strict or statutory liability, or any other cause of action; provided, however, such limitation does not include any liability for which Contractor is obligated to indemnify the City based upon special, indirect or consequential damages suffered by third parties.

4. The City and Contractor agree that Contractor shall be liable for fines or civil penalties to a maximum aggregate of One Hundred Fifty Thousand Dollars (\$150,000) per year, which may be imposed by a federal or state department regulatory agency or federal or state court as a result of Contractor's negligence. The City will assist Contractor to contest any such fines or civil penalties in administrative and/or court proceedings prior to any payment by Contractor. Contractor shall pay the costs of contesting any such fines or civil penalties. Contractor shall not be liable for fines or civil penalties that result from violations that occurred prior to the effective date of this Contract or for the effects of prior violations by the City that have contributed to the assessment of any fine or civil penalty caused by Contractor's negligence.

5. In determining the amount of any loss, liability, or expense for which the City is entitled by indemnification under this Contract, the gross amount thereof will be reduced by any insurance proceeds actually paid to the City under any insurance policies held by the City; provided, however, that if the City has been indemnified hereunder but does not actually receive such insurance proceeds until after being indemnified, the City shall reimburse Contractor for amounts paid to it to the extent of the insurance proceeds are actually received.

6. Contractor acknowledges that the obtaining of this Contract is the specific consideration for this hold harmless and indemnification provision, and further agrees with the foregoing provisions of indemnity and with the collateral obligation of insuring said indemnity as set forth herein.

7. Nothing in this section shall:

- a. Limit or prevent the City or Contractor from determining positions and actions relative to settlement or defense on any matter for which the City or Contractor are responsible; or
- b. Limit or prevent the City or Contractor from joining the other party or any affiliate of a party in any claim, suit, action or proceeding involving a third party claim through interpleading, third party claim, cross-claim or otherwise limit or prevent a party from voluntarily joining any claim, suit, action or proceeding through intervening or as may otherwise be permitted by law or rule.

This practice shall apply to all terms and conditions of employment, including but not limited to, hiring, placement, promotion, termination, layoff, recall, transfer, leave of absence, compensation, and training.

Contractor shall undertake equal employment opportunity efforts to ensure that applicants and employees are treated without regard to their race, color, religion, sex, sexual orientation, gender, national origin, age, disability, or military or veteran status, or any other status or classification protected by applicable federal, state and local laws. Contractor's equal employment opportunity efforts shall include, but not be limited to, all terms and conditions of employment, including but not limited to, hiring, placement, promotion, termination, layoff, recall, transfer, leave of absence, compensation, and training.

Contractor shall, in all solicitations or advertisements for employees placed by, or on behalf of Contractor, state that all qualified applicants will receive consideration for employment without regard to their race, color, religion, sex, sexual orientation, gender, national origin, age, disability, or military or veteran status, or any other status or classification protected by applicable federal, state and local laws.

Contractor shall cause the foregoing provisions to be inserted in all subcontracts for any work covered by the Contract so that such provisions will be binding upon each subcontractor, provided that the foregoing provisions shall not apply to contracts or subcontracts for standard commercial supplies or raw materials

V. Assignment.

Contractor shall not assign this Contract or the rights and obligations created herein without the prior express written consent of the City. Any attempted assignment by Contractor without the prior express written approval of the City may, at the City's sole option, result in the termination of this Contract without any notice to Contractor of such termination.

W. Points of Contact.

Notwithstanding Contractor's responsibility for total management during performance of this Contract, administration of the Contract will require maximum coordination between the City and Contractor. The following individuals will be the City's points of contact during performance of this Contract:

1. City Manager. All Contract administration will be effected by the City Manager, and communication pertaining to Contract administration should be addressed to the City Manager only. Any communication to City officials other than the City Manager regarding administration of this Contract including, but not limited to, performance, personnel matters, delivery of Services, extensions, and Services shall constitute a violation of this Contract. In the event of a first violation of this section, the City Manager shall notify Contractor within a reasonable time. If, in Contractor's opinion, an alleged violation does not in fact constitute a violation, it may dispute the allegation by notifying the City Manager in writing within two (2) working days after receiving notice of violation. The matter shall be subject to the Disputes provision in this Contract. A second violation, subject to notice by Contractor and Contractor's right to dispute the alleged second violation, shall constitute a material breach of the provisions of this Contract subject to

the Default provisions of this Contract, pursuant to which the City, in addition to any other remedies it may have at law or in this Contract, may terminate the Contract.

4. Contractor's Point of Contact. Contractor shall designate to the City Manager an individual with decision-making authority for Contractor, with current job title, telephone contact, and email address. Such individual shall act as a single point of contact for Contractor and be available by telephone or in person at the request of the City Manager on an as-needed basis.

X. Technical Direction.

Technical Direction includes requiring studies and pursuit of certain lines of inquiry regarding matters within the general tasks and requirements of the Scope of Services.

2. The City Manager does not have authority to, and shall not, issue any verbal instruction purporting to be Technical Direction, nor a written Technical Direction, that:

- a. Constitutes an assignment of additional work outside the Contract Scope of Services;

- c. Constitutes a basis for any increase or decrease in the total estimated Contract cost, the fixed fee (if any), or the time required for Contract performance;
- d. Changes any of the expressed terms, conditions, or specifications of the Contract; or
- e. Interferes with Contractor's rights to perform the terms and conditions of the Contract.

3. All Technical Direction shall be issued in writing by the City Manager, including via email correspondence.

4. Contractor shall proceed promptly, but in any event not later than forty-eight (48) hours, with the performance of Technical Direction duly issued by the City Manager. If, in Contractor's opinion, any instruction or direction by the City Manager falls within any of the categories defined in paragraph 2 of this section, Contractor shall not proceed but shall notify the City Manager orally immediately and in writing within two (2) working days after receiving it and shall request the City Manager to take required corrective action. Upon receiving this notification, the City Manager shall either issue an appropriate Contract modification within a reasonable time or advise Contractor in writing within thirty (30) days that the instruction or direction is:

- a. Rescinded in its entirety; or

b. Within the requirements of the Contract and does not constitute a change under Section Y, Changes, and that Contractor should proceed promptly with its performance.

5. A failure of Contractor and the City Manager to agree that the instruction or direction is both within the requirements of the Contract and does not constitute a change under Section Y, Changes, or a failure to agree upon the Contract action to be taken with respect to the instruction or direction, shall be subject to the Dispute provisions of this Contract.

6. Any action(s) taken by Contractor in response to any direction given by any person other than the City Manager or the CMR shall be at Contractor's risk.

Y. Changes.

1. General Information. Changes within the general scope of this Contract may be accomplished after execution of the Contract, and without invalidating the Contract, by written change order ("Change Order") or written change directive ("Change Directive"). General scope changes may include, without limitation, changes in the:

- a. Description of Services to be performed;
- b. Time of performance (i.e., hours of the day, days of the week);
- c. Place of performance of the Services; and/or

- a. A Change Directive may be issued by the City Manager at any time in the absence of a written agreement with Contractor on the terms of a Change Order.

b. Upon receipt of a Change Directive, Contractor shall promptly commence and proceed with the prescribed change(s) to the Services involved.

c. If the Change Directive provides for an adjustment to the Contract Amount, the adjustment shall be based on one of the following methods:

- i. A reasonable lump sum including a reasonable fixed fee or percentage fee properly itemized and supported by sufficient substantiating data to permit evaluation;
- ii. Unit prices stated in the Contract or as subsequently agreed upon;
- iii. Reasonable cost plus a reasonable fixed fee or percentage fee; or
- iv. As provided in Section Y.3.e below.

d. A Change Directive that is signed by Contractor indicates Contractor's agreement therewith, including adjustment in Contract Amount and Contract Time or the method for determining them. Such agreement shall be recorded as a Change Order.

e. If Contractor disagrees with the method for adjustment in the Contract Amount or Contract Time, or both, set forth in the written Change Directive, Contractor shall promptly, but in no event later than forty-eight (48) hours from date of receipt of the written Change Directive, give written notice of its disagreement. In such event, the City Manager shall determine the adjustment on the basis of reasonable additional costs or savings resulting from the Services attributable to the change including, in the case of an increase in the Contract Amount, an amount for overhead and profit as set forth in the Contract, or if no such amount is set forth in the Contract, a reasonable amount. In such case, under Section Y.3.c.iii, Contractor shall keep and present, in such form and manner as the City Manager may prescribe, an itemized accounting of costs together with appropriate supporting data.

Failure to provide written notice of disagreement or objection within the proscribed time period set forth in this section shall be deemed a waiver of any such disagreement or objection.

g. When Contractor agrees with a determination made by the City Manager concerning the adjustments in the Contract Amount and Contract Time, or otherwise reaches agreement

upon the adjustments, such agreement shall be effective immediately and the City Manager will prepare a Change Order. Change Orders may be issued for all or any part of a Change Directive.

h. Any disputes arising from adjustments made pursuant to Section Y.3.e shall be resolved pursuant to Section CC, Disputes; however, nothing in this section shall excuse Contractor from proceeding with the performance of work under the Change Directive pending resolution of the dispute.

i. No Services for which an additional cost or fee will be charged by Contractor shall be furnished without prior written authorization of the City Manager.

j. If Contractor's assertion of its right to an adjustment includes the cost of Property made obsolete or excess by the change, the City Manager shall have the right to prescribe the manner of the disposition of the Property.

AA. Governing Law and Consent to Jurisdiction.

This Contract is made and entered into in the State of Georgia and this Contract and the rights and obligations of the parties hereto shall be governed by and construed according to the laws of the State of Georgia without giving effect to the principles of conflicts of laws. The Courts in Fulton County, Georgia shall have jurisdiction over any litigation arising out of this Contract.

BB. Waiver of Breach.

The waiver by either party of a breach or violation of any provision of this Contract shall not operate or be construed to constitute a waiver of any subsequent breach or violation of the same or other provision thereof.

CC. Disputes.

Except as otherwise provided herein, all disputes arising under or relating to this Contract shall be resolved under the provisions of this section.

1. "Claim," as used in this section, means a written demand or written assertion by a contracting party seeking, as a matter of right, the payment of money in a sum certain, the adjustment or interpretation of Contract terms, or other relief arising under or relating to this Contract. A written demand or written assertion by Contractor must be accompanied by supporting documentation and verified by Contractor's designated representative. A voucher, invoice, or other routine request for payment that is not in dispute when submitted is not a Claim; however, the same may be converted to a Claim by complying with the provisions of this section, if it is disputed either as to liability or amount or is not acted upon in a reasonable time.

a. A Claim by Contractor shall be made in writing and, unless otherwise stated in this Contract, submitted within thirty (30) days after accrual of the Claim to the City Manager for a written decision. A Claim by the City against Contractor shall be subject to a written decision by the City Manager. Failure to submit any such written Claim within the prescribed time period set forth in this section shall be deemed to be a waiver of such Claim.

b. Verification

i. Contractor shall provide the verification specified in paragraph (1) of this section when submitting any Claim.

ii. The verification shall be by oath administered by a notary public and shall state as follows: "I swear or affirm that the Claim is made in good faith; that the supporting documentation is accurate and complete to the best of my knowledge and belief; that the amount requested accurately reflects the Contract adjustment for which Contractor believes the City is liable; and that I am duly authorized to certify the Claim on behalf of Contractor."

2. The City Manager shall, within thirty (30) days of receipt of a properly submitted verified Claim and all necessary supporting documentation and information, decide the Claim and give Contractor a written statement of the decision.

3. The City Manager's decision shall be final unless Contractor disputes the decision as set forth below, in which case the parties shall follow the procedures for Alternative Dispute Resolution.

4. Alternate Dispute Resolution. For Contractor to dispute a decision of the City Manager, Contractor shall file, within fifteen (15) days of the date of the City Manager's written decision, a notice

in writing of the Claim which is disputed. The parties shall be required to proceed with alternate dispute resolution by the following procedure.

a. Negotiation. The parties shall attempt in good faith to resolve any Claim arising out of or relating to this Contract promptly through negotiations between representatives of the parties who have authority to settle the same. The parties shall make every effort to meet as soon as reasonably possible at a mutually agreed upon time and place and shall attempt to resolve the matter through negotiation within a period of thirty (30) days of receipt of notice of claim.

b. Mediation. If good faith negotiations have not resulted in a resolution of a Claim within the specified time, the parties shall attempt in good faith to settle the Claim in an amicable manner through a neutral party by non-binding mediation administered by the American Arbitration Association under its Commercial Mediation Rules, or a mutually acceptable mediator selected by the parties within a period of thirty (30) days from date of failure of negotiation.

c. Arbitration. If the Claim has not been resolved pursuant to the aforesaid mediation procedure within sixty (60) days of the receipt of the notice of claim, or if either party fails to participate in a mediation, the Claim shall be resolved exclusively by arbitration administered by the American Arbitration Association in accordance with its Commercial Arbitration Rules, and judgment upon the award rendered by the arbitrator(s) may be entered in any court having jurisdiction thereof. Each party shall appoint one (1) arbitrator and the appointed arbitrators shall select a third arbitrator who shall serve as chairperson of the arbitration panel. The decision of the arbitration panel shall be final and binding. Each party shall pay fifty percent (50%) of the third party costs of mediation and arbitration.

5. Contractor shall not be excused from performance of the Contract, pending final resolution of any request for relief, Claim, appeal, or action arising under or relating to the Contract, and shall comply with any decision of the City Manager and the requirements of the Contract.

6. Contractor, by entering into this Contract, does hereby waive its rights to file, or seek relief, in a state or federal court of competent jurisdiction for any Claim of damages or monetary relief, except as to the enforcement of the decision of the binding arbitration.

DD. Severability.

If any provision of this Contract is held to be unenforceable for any reason, the unenforceability thereof shall not affect the remainder of the Contract, which shall remain in full force and effect, and enforceable in accordance with its terms.

EE. Entire Agreement.

This Contract contains the entire agreement and understanding of the parties with respect to the subject matter hereof, and supersedes and replaces any and all prior discussions, representations and understandings, whether oral or written.
